About Bees

I got a
motorcycle
license

And bought
a used
motor.

Right
after
I started
off...

Something hit me.

What a big one.

Awash
It was a bee

Sorry, okay?

But I
can't
hear
his voice
at all.

The
tiny old
man is
saying
some-
thing...

The lead
seemed
slippery
and hard
to use

The old
man
started
writing

So
cute!

It might
be a
little
rude,
but...

According
to the
old man,

People
often
ride on
them

The
bees
flying
around
here
And the
dragon-
flies and
such too,
it seemed

Bees
were
popular

and spend
days flying
wherever
they want

People
mount
the backs
of lings

But some
people
would
spend up
to half a
year like
that.

For
about a
month,
usually.

That's
how it
works, if
you're...

Ah, your
wing is
fixed!

There...
See? All
better.

Pretty
soon,
his legs
reverted

It seemed
like it
had been
unconscious!

Sorry to
trouble you

Not
at all.
